29/10/2026

Dear Mr Penić,

This letter is to formally notify you that during the last IFRRO Board meeting on October 26, 2026, the IFRRO Board of Directors reassessed DZNAP's membership category.

DZNAP, which represents authors, journalists and photojournalists, was originally admitted as a Provisional Member of IFRRO as it was not yet fully functional. However, as DZNAP, is now actively collecting and distributing remuneration, the IFRRO Board decided to move DZNAP from Provisional Member to ***Creator RRO Member.***

According to our Statutes, art. 4.3 "The Creator RRO, Publisher RRO or Associate RRO Members are Reproduction Rights Organisations that are legal entities lawfully constituted according to the laws and usages of their country of origin. The Creator RRO, Publisher RRO or Associate RRO Members manage the rights referred to in Article 3 with regard to users, in the interest of rightholders, but have only one of the categories of rightholders (authors or publishers) represented on their governing bodies; or receive remuneration from an RRO member for the use of rights referred to in Article 3 without being actively engaged in the licensing of such rights".

We would like to express our deepest congratulations to DZNAP for the excellent developments and will continue to support and to work closely with your organisation.

With best regards.

Yours sincerely,

Anita Huss-Ekerhult
IFRRO Chief Executive and Secretary General
